

The Beauty of Ugly

True Beauty Organizer

1. Write your own definition of the word "ugly."
2. Write your own definition of the word "beautiful."
3. Record the names of the animals that you placed in the smiling face category.
4. Record the names of the animals that you placed in the frowning face category.
5. Record information about how these animals' unique features help them to survive.
 - Alligator snapping turtle
 - Star-nosed mole
 - Adjutant stock
 - Proboscis monkey
 - Naked mole-rat

6. Record the names of the animals that you placed in the smiling face category the second time you looked at the cards.

7. Record the names of the animals that you placed in the frowning face category the second time you looked at the cards.

8. Explain how your responses to the animal cards changed and/or stayed the same between the first and second time you viewed the cards.

9. Did watching the clips of the animals impact your response to the animals? Explain.

10. Re-read the definitions of "ugly" and "beautiful" that you wrote earlier. Has the activity changed your definition of these words? Explain the ways your definitions changed or haven't changed.
