

The Cat in the Hat Knows a Lot About That!™

ACTIVITY

EXPLORING FLOWERS

My Flower Observation

Here's a flower that I saw!

Provide drawing materials and invite your child to draw a flower that she saw. Maybe she will include a bee, butterfly, or other creature that she saw in and around the flowers. Ask her to tell you about it and write down your child's description. What does she notice about the flower's shapes, colors, and smell? If she drew a creature, what is it doing?
