

The Cat in the Hat Knows a Lot About That!™

ACTIVITY

EXPLORING ANIMALS IN TREES

My Tree Observation

Here's a tree that I saw!

Provide drawing materials and invite your child to draw the tree she observed and any insects, birds, or other animals she might have seen moving in, on, or around the tree. Write down her descriptions of the tree and any animals she observed. Encourage her to show you how the animals move by, for example, crawling, hopping, jumping, or flying.
